

Draw a stickman

With diogrames

Materials

A surface to draw on like a piece of paper, white board, etc

A utensil to draw with like a pencil, pen, marker, etc

Then something hard to draw on like a desk, a table, a wood floor, ect. If said surface is not than the result will be different.

For our demonstration we will use a piece of paper, a pencil and a desk

Tips

Depending on your drawing service you will use different drawing utensils for example if you use a whiteboard you should use a whiteboard marker

You should refrain from light colors like pink, yellow, orange, green or little version of anything. Stick with darker colors like blue, purple, black or dark.version of anything.

For your first time drawing a stickman i suggest using a pencil because you could eras it. In order to do that you will need to use and eraser typically found at the end of a pencil. Yet sometime that is not the case in thought insinsis you will need a separate utensils.

Also refrain from crayons colored pencils of marks .misshapes ore ofenly user using these utensils

Where you can find your supplies

You can find all of your supplies at the following places.

Pencil (aka drawing utensil)= target, walmart, staples, office depot, and amazon.
pencils typically come in packs. Cheap.

Paper (aka drawing surface)= target, walmart, staples, office depot, and amazon.
Paper also typically comes in packs. Cheap.

Desk= ikea. Does not come in packs. Also very expensive.

Step one

You must locate and go to your local store where you buy your supplies.

Disclaimer!!!!!!

We will not be going over how to buy said items nor will we go over how to go to and from said store. If you don't know how to do that you must find that out by yourself. You probably have already gotten a slide showing you how to shop if not google it. We will also not be going over how to google. Yet we will mention how stores will only take earth currency. Said currency will change varying from where you are located. For example in the USA will usually only take \$\$\$ kind of currency.

Step 1

Find a your chosen materials. You will need to assemble a desk uncap you pens and open your pack of paper

Step 2

Put the paper on the deck

Step 3

Grabe pen in your dominant hand your dominant hand is the one they you use to rite with more.

Step 4

Rest your hand on paper with pen still in hand with the thumb side facing up but keep them on pen.

Step 5

Use your thumb and pointer finger to learn the pen till it touches the paper then drag your hand towards you slowly for around 2-4 depending on you speed.stop with unef room of the legs. It may not like exactly like this and that is ok.

Step 6

Keep your hand at the same spot and move it towards your left shoulder. Make the line till close to the bottom of the page.

Step 7

Pick you hand up and go back to the bottom of your first line. Do this without making marks on the paper.

Step 8

With your pen still on the bottom of line one drag your hand with pen still in it towards you right shoulder. To cree at a third line.

Step 9

Now pick you hand with pen and bring it to the top of line one. Do this without making any marks on the paper.

Step 10

With your hand at the top of line 1 follow steps 6-8 but instead of the bottom of line 1 make sure it is on top of line 1 so it looks like this.

Step 11

Bring your hand with pen in it to the top of line 1 without making a mark on the paper.

Step 12

Okay so this is the hardest part of drawing a ske man. The head. You will need to sweat circle on top of line 1. When you draw it you will need to move quickly and still stay in controle it is ok if you need to go over it a couple of times to get it right. w e recommend practising drawing a circle on a separate sheet of paper. To draw a circle you move your hand clockwise till your hand meets topo line one agen.

Your stick man should look like this

Now prakes

If you praktis this and try drawing more than one day you could do this.

So long, and thanks
FOR ALL THE FISH!
